Section 1 – Introduction

This section provides an overview of the document content, as well as how the information is arranged.

1.1 Purpose

The purpose of this document is to provide guidance to National Aeronautics and Space Administration (NASA) employees regarding Government Shutdown Furloughs. This guide includes basic information, a checklist, and Frequently Asked Questions (FAQs). Your Center and your supervisor will provide additional information as it becomes available. This desk guide must be used in conjunction with applicable laws, regulations, and Agency policies and procedures.

Important: BEFORE A SHUTDOWN FURLOUGH, it is critical that you download and save this document and any other furlough resources to a non-Government personal computer/device. You should also carefully review the information to ensure you have everything you need before a furlough. During a partial or full Shutdown Furlough, the Web sites, phone numbers, and other resources listed in this document may not be available. It is important that you download all the content you need from all sources BEFORE A SHUTDOWN FURLOUGH. This means not just saving Web addresses; it means saving the content to a non-Government personal computer/device.

1.2 Background

It is critical that supervisors and employees prepare and communicate with each other to effectively implement a Shutdown Furlough. This guidance provides helpful information as well as a checklist of key Human Resources (HR) considerations in the event of a shutdown.

1.2.1 Understanding the Types of Furloughs

The United States Office of Personnel Management (OPM) provides definitions of the two types of furloughs on the OPM Pay & Leave Furlough Guidance Web page. There are a few main differences between a Shutdown Furlough and an Administrative Furlough:

- Shutdown Furlough:
  - Occurs when there is a lapse in appropriations.
  - Not a planned event with very little time for agencies to prepare. Note that even though Shutdown Furloughs may be widely covered in the media for a period of time leading up to the event, it is not a “planned” event to help an agency like an Administrative Furlough is defined.
  - Also called a Shutdown, a Government Shutdown, or an Emergency Furlough.
• Administrative Furlough:
  o Used to help an agency absorb reductions that are not related to a lapse in appropriations.
  o An agency-planned event.

**Important:** Since the circumstances related to a Shutdown Furlough and an Administrative Furlough are very different, this guide provides information on Shutdown Furloughs only.

1.2.2 Understanding Excepted vs. Furloughed Activities and Employees

During a Shutdown Furlough, there are laws that govern which activities may continue to be performed (i.e., excepted activities) and which may not (i.e., non-excepted or furloughed activities). Per Office of Management and Budget (OMB) guidelines and in consultation with our Office of General Counsel (OGC), NASA has worked to determine which of our activities may continue under the legal restrictions that govern a Shutdown Furlough (i.e., lapse in appropriations). The following are very brief explanations of these terms:

• Excepted:
  o Excepted Activities: The activities that may legally continue to be performed.
  o Excepted Employees: Based on this legal determination about the excepted activities, NASA has determined which employees would continue to report to work to perform the excepted activities.

• Non-excepted/Furloughed:
  o Furloughed Activities: The activities that may not legally continue to be performed.
  o Furloughed Employees: All employees who are not assigned to perform excepted activities must legally be placed on furlough.
  o If you are furloughed, please note that you may **not** volunteer to work in a nonpay status for NASA during a Shutdown Furlough. We understand that it may be difficult to stop working on your many important projects, deadlines, e-mails, etc. However, provisions of the Anti-Deficiency Act (i.e., 31 United States Code (U.S.C.) §1342, Limitation on Voluntary Services) specifically prohibit this.

• Changes in Furlough Status:
  o Your status may change over time as circumstances evolve (e.g., you may be non-excepted then be called in to work).
  o If a change in your status occurs, you will be informed directly.
Note: Your categorization as excepted or non-excepted is not a reflection on the quality of your work, nor is it an indication of your importance to our Agency. It is merely a reflection of the legal requirements under which we must operate should a lapse in funding occur.

1.3 Applicability

This desk guide is applicable to NASA Headquarters (HQ) and NASA Centers, including Component Facilities, the NASA Shared Services Center (NSSC), and the Office of the Inspector General (OIG). Unless otherwise stated, the use of the word Center(s) in the text of this document includes NASA Headquarters, the NSSC, and OIG, and any reference to Center Director(s) includes the Executive Director, Headquarters Operations and the Executive Director, NSSC. This desk guide is for use by all NASA Civil Service employees.

Section 3 – Preparing for a Shutdown Furlough

3.1 Impact to NASA Employees

When a Shutdown Furlough occurs, it is tempting to recall previous furloughs, determine how those previous furloughs affected employees, and try to predict the impact of a current furlough. However, since each Shutdown Furlough is driven by different issues related to a lapse in appropriations (i.e., funding gaps), it is impossible to assume that the impact will remain the same. Some things to know:

a. NASA employees will be paid for the time they are affected by a shutdown furlough. In accordance with the Government Employee Fair Treatment Act of 2019 (S. 24), section 1341 of title 31, United States Code, was amended to provide retroactive pay for Federal employees affected by a lapse in appropriations that began on or after December 22, 2018, as soon as possible after the lapse in appropriations ends. This amendment covers employees affected by the December 2018/January 2019 shutdown furlough plus any future lapse in appropriations.

b. At the conclusion of the Shutdown Furlough, back pay will be granted; however, depending on the timing and length of the Shutdown Furlough event, receipt of back-pay paychecks may be slightly delayed, may be processed over multiple pay periods and/or require corrective actions. The Agency will work with our payroll provider to ensure paychecks are received as quickly and with minimal issues as possible.

c. Please note that if you receive Unemployment Compensation for the Shutdown Furlough, you will be required to repay the Unemployment Compensation funds.

d. Every event is different with different variables, including which agencies are affected, length of time of the event, etc.

e. The impact to you will be determined by Congressional legislation, by OPM regulation, and by NASA implementation rules.

f. The activities and personnel included in the requirement to stop working are determined by law.

g. Government services, including Web sites, are affected. Which services are affected varies depending on the event.

h. If an activity is “excepted” from a Shutdown Furlough, it means that by law, the work may continue to be performed. Employees who perform an excepted activity may be put on a full-time, part-time, or “on-call” status as determined by the Agency legal counsel and senior management.

i. Employees who are participating in the Intergovernmental Personnel Act (IPA) program or on details should contact their Servicing HR Office for guidance relating to the Shutdown Furlough.
j. Academic and training courses may be impacted by a Shutdown Furlough. For details, refer to paragraph C.2, Additional FAQs, question 10, Should I notify my professors or the institution of higher learning where I am taking courses that the Shutdown Furlough has/will affect my ability to attend or participate in my approved courses?

3.2 Important Steps Before a Shutdown Furlough

We want you to be prepared with important information you may need during a Shutdown Furlough. To do that, you must do a number of things BEFORE A SHUTDOWN FURLOUGH.

**Important:** Since we cannot predict which Web sites and resources will be available during a Shutdown Furlough, we **strongly** recommend that you download all the content you need from all sources BEFORE A SHUTDOWN FURLOUGH. This means not just saving Web addresses; it means saving the content to a non-Government personal computer/device.

Please complete the following steps BEFORE A SHUTDOWN FURLOUGH to ensure you have the information you need:

1. **Read Materials BEFORE a Possible Shutdown Furlough:**
   a. Review the information in this document.
   b. Review the other resources identified in this document.

2. **Gather Needed Information BEFORE a Possible Shutdown Furlough:**

   BEFORE any Shutdown Furlough begins, it is important that you gather any information and forms you may need. A partial or full Shutdown Furlough usually means that some or all Government Web sites will not be available.
   a. At a minimum, you should have this document and the relevant checklist items printed or saved on a non-Government personal computer/device in the event you cannot access your Government computer.
   b. Additionally, since many Web sites are unavailable during a shutdown, we recommend that you print all relevant documents/content found on Web sites or download information found in links prior to a shutdown.

3. **Complete the Checklist Items BEFORE a Possible Shutdown Furlough:**

   For helpful checklists and information you need prior to a Shutdown Furlough, please refer to Appendix B, Basic Checklist Before a Shutdown Furlough.
4. **Prepare to Take Your NASA IT Device(s) Home During a Shutdown Furlough:**

A new policy in 2019 now allows NASA employees to access the NASA network via their NASA IT devices (i.e., laptop computer and cell phone) during a Shutdown Furlough. There are specific rules regarding under what conditions the devices may be used. In all cases, all IT security rules must be followed.

**Important:**

**Excepted Employees:** Please remember to use the Virtual Private Network (VPN) whenever you are conducting NASA excepted services during the shutdown due to a lapse in funding. This ensures your IT device is getting appropriate patching and is protected by other layers of NASA’s network infrastructure to guard against cyber threats.

**Non-Excepted Employees:** During shutdown due to a lapse in funding, non-excepted employees should only use their Government-issued IT devices for orderly shutdown activities or to periodically check for shutdown-related updates and communications. Government-issued IT devices should not be used for any other non-excepted work activities or for personal use as this results in additional costs which would violate the Anti-Deficiency Act.

### 3.3 Shutdown Furlough Questions

Understandably, you will have many questions regarding a Shutdown Furlough. Keep in mind that each one is a separate event with unique circumstances. Some of your questions may be answered prior to a Shutdown Furlough, but others will be answered in time, either by Congressional legislation or by Agency decision based on OPM guidance.

Many of your questions may be answered by reviewing/saving the following before a furlough:

1. Appendix C, Shutdown Furlough FAQs, in this document.
2. [OPM Pay & Leave Furlough Guidance Page](#), including the Overview and Shutdown Furlough tabs.
3. [NASA Operating Status and Furlough Information Page](#).

If you have questions not answered by these resources, you may contact your Servicing HR Office before a Shutdown Furlough or the NSSC at 1-877-677-2123 (1-877-NSSC123) or by e-mail at nssc-contactcenter@nasa.gov.
Section 4 – Outside Employment

Note: The NASA OGC provided the content for this section.

4.1 Overview

NASA’s outside activities regulations in 5 CFR § 6901, Supplemental Standards of Ethical Conduct for Employees of the National Aeronautics and Space Administration, prohibit some kinds of outside employment and specify certain outside activities for which employees need prior approval. To ensure you refer to the most current version of the regulations, we strongly recommend accessing the official source at www.ecfr.gov. If you are unable to do so, a copy of the regulations has been provided for your convenience in Attachment 2, 5 CFR § 6901, Supplemental Standards of Ethical Conduct for Employees of the National Aeronautics and Space Administration. Certain political appointees are also subject to additional restrictions on outside activities, including, but not limited to, those found in 5 CFR § 2636.

Federal ethics requirements for employees, including outside employment restrictions, remain in force during a furlough. Since NASA ethics officials and approving supervisors are furloughed during a Shutdown Furlough, if you are interested in engaging in outside activities during the furlough, you should request and obtain any necessary approvals prior to a furlough. Similarly, if you require ethics advice for matters taking place during a furlough, you should seek ethics advice prior to a shutdown.

4.2 Prohibited Employment

NASA employees are prohibited by 5 CFR § 6901 from outside employment with:

1. A NASA contractor, subcontractor, grantee, or recipient of a cooperation agreement in connection with work performed by that entity for NASA; or

2. A party to a Space Act agreement, Commercial Launch Act agreement, or other agreement to which NASA is a party, if the employment is in connection with work performed under that agreement.

4.3 Employment Requiring Prior Approval

NASA employees may engage in the following kinds of outside employment with prior approval under the regulation:

1. Teaching, speaking, writing, or editing, unless the subject matter pertains to the private interests of the employee, such as a hobby, cultural activity, or professional pursuit unrelated to the employee’s official duties;

2. The practice of a profession or the rendering of professional consulting services;
3. The management or conduct of a business in which the employee or the employee’s spouse has an ownership interest, if that business performs, or may seek to perform, work (other than routine consumer transactions) for the Federal Government or for a NASA contractor, grantee, or other party to an agreement with NASA;

4. Holding State or local public office, whether by election or appointment;

5. Employment with a NASA contractor, subcontractor, grantee;

6. Employment with a party to a Space Act agreement, Commercial Launch Act agreement, or other agreement to which NASA is a party pursuant to specific statutory authority;

7. Serving as an officer, trustee, or member of a board, directorate, or other such body of a for profit organization or of a nonprofit organization that does or seeks to do business with NASA; or

8. Employment which involves the practice of a NASA-owned invention or the performance of experimental, developmental, research, design or engineering work that relates to the official duties of such employee.

These areas require prior approval because they implicate other legal restrictions, including but not limited to the Federal conflict of interest prohibition, 18 U.S.C. § 208, Acts Affecting a Personal Financial Interest; and the Hatch Act.

4.4 Employment Not Requiring Prior Approval

NASA employees do not need to obtain prior approval for outside activities that are not prohibited or require approval as described in this section. However, employees pursuing outside activities remain responsible for complying with all U.S. Government ethics requirements and should exercise care to do so.

Appendix B – Basic Checklist Before a Shutdown Furlough

This appendix includes a basic checklist that is a starting point for you to use before a Shutdown Furlough to make sure you are well prepared. Please review this information thoroughly, complete the checklist, and have all materials printed or saved to a non-Government personal computer/device. We cannot stress enough how important it is for you to complete this BEFORE a Shutdown Furlough. Please do not wait until the day a Shutdown Furlough is announced or confirmed to begin working through this checklist. The checklist includes a description of each item with Web links to more information, when available.

You will receive a great deal of information regarding the Shutdown Furlough from the Agency, your Center, and your supervisor. We have attempted to capture some of this important information; however, our list is not all-inclusive. We recommend making a list of important phone numbers and e-mail addresses to supplement our checklist so you have the information readily available in one place.

|   | From your NASA computer, check system passwords and account information for all systems and programs you may need to access. | In some instances during a Shutdown Furlough, you may be able to access NASA systems for important excepted information, to periodically check for shutdown-related updates/communications, or to conduct activities related to or resulting from a Shutdown Furlough (e.g., printing Earnings and Leave Statements for Unemployment Compensation, etc.). So, we recommend resetting passwords for systems such as NDC, profile, etc. You should also review password expiration dates and reset any passwords that may expire in the next 30 days to ensure you are not locked out. 

   NOTE: ALL password resets should be done from your NASA computer BEFORE a Shutdown Furlough. Be sure you maintain compliance with security regulations (e.g., do not record that information in this document). |

| | Know and understand your Shutdown Furlough status (i.e., full-time, part-time, on-call excepted or non-excepted). | **Determining Furlough Status for Activities and Employees:** In consultation with our Office of General Counsel (OGC), NASA has worked to determine which of our activities may continue under the legal restrictions that govern a Shutdown Furlough (i.e., lapse in appropriations). The activities that may legally continue are called “excepted” activities. The activities that may not legally continue are called “non-excepted” or “furloughed” activities.  
**Excepted Status:** Based on the legal determination about the excepted activities, NASA has determined which employees would continue to report to work to perform the excepted activities. If excepted, you may work on:  
- Full-time Activities  
- Part-time Activities for which you are required to work only for the duration of specific, named activities or during specific time periods.  
- On-call Activities for which you may be called to work (at home or in the office) to perform specific excepted work.  
**Non-excepted/Furloughed Status:** All employees who are not assigned to perform excepted activities must legally be placed on furlough. Note that you may not volunteer to work in a nonpay status for NASA while furloughed.  
**Changes in Status:** Your status may change over time as circumstances evolve (e.g., you may be non-excepted then be called in to work); if this occurs, you will be informed directly.  
**What Your Status Means:** Your categorization/status as excepted or non-excepted (i.e., furloughed) is not a reflection on the quality of your work, nor is it an indication of your importance to our Agency. It is merely a reflection of the legal requirements under which we must operate should a lapse in funding occur.  
**Receiving Shutdown Furlough Status Notifications:** If you will perform full-time, part-time, or on-call excepted activities during a Shutdown Furlough, you will receive individual notification of your excepted status. After excepted status notifications are issued, a general notice will be sent to all employees informing them that, unless they have already received excepted status notifications, they will be furloughed. Note that this general notice is not the formal furlough notice that is normally delivered on the day the Shutdown Furlough begins. |

- If the Center has funding available, EAP counselors may still be supporting the workforce either onsite or by telephone.
- If you already have an appointment to see a counselor, determine whether it needs to be rescheduled.
- Ask the Center EAP counselor if employees or family members will be permitted onsite to attend an appointment if the counselor will still be working during the furlough.
- If you are dealing with a significant mental health issue and feel that you will need support during the Shutdown Furlough, contact your EAP counselor for guidance and instructions on how to proceed so that you aren’t without a resource.
- The Agency’s after-hours EAP toll-free number is available for urgent matters during the Shutdown Furlough: 1-888-728-1404.
- For routine and non-urgent appointments to see an EAP counselor, please wait until the Shutdown Furlough is over.
Appendix C – Shutdown Furlough FAQs

This appendix includes information on locating OPM and NASA guidance to assist you in understanding a Shutdown Furlough. It also includes limited, other NASA-specific information. As previously noted, since each Shutdown Furlough is driven by different issues related to a lapse in appropriations (i.e., funding gaps), it is impossible to predict the answers to many of your questions. The impact to you (and your benefits, pay, etc.) will be determined by Congressional legislation, by OPM regulation, and by NASA implementation rules.

The information in this appendix is meant to supplement the official guidance provided by OPM and NASA. As noted previously, Government Web sites and resources may not be available during a Shutdown Furlough. Please review and save any content you need before a Shutdown Furlough.

C.1 OPM and NASA FAQ Resources

Please review the following documents for FAQs:

- OPM “Guidance for Shutdown Furloughs” (On the OPM Pay & Leave Furlough Guidance Page, click the Shutdown Furlough tab, then the Guidance for Shutdown Furloughs link.)

- NASA guidance and FAQs are found in this document and on the NASA Operating Status and Furlough Information Page.

C.2 Additional FAQs

1. I have questions about the Shutdown Furlough. Is there a Web site where I can get NASA-specific information?

Yes. You may visit the NASA Operating Status and Furlough Information Page for information such as the Shutdown Plan, unemployment compensation, Points of Contact (POCs) during a Shutdown Furlough, etc. You should check this page frequently during a Shutdown Furlough.

2. I am an SES/ST/SL employee. Am I affected by the furlough?

The only NASA employees not subject to the requirements of a Shutdown Furlough are NASA Presidential appointees (i.e., NASA’s Administrator, Deputy Administrator and Chief Financial Officer). Processes and procedures for other SES/ST/SL employees, regardless of appointment type, are identical to those that apply to all other employees.

3. I am scheduled for my Regular Day Off (RDO) or was scheduled to be on annual leave on the day I am to perform shutdown activities. Will I be expected to report to work to complete the shutdown activities?

Yes. If you are scheduled for an RDO/annual leave on the expected shutdown date and are otherwise available to perform shutdown activities, you are expected to report for duty long enough to conduct those shutdown activities. Your supervisor may allow you to
perform shutdown activities at an alternate location. Generally speaking, if you are not available for shutdown activities (e.g., out of town) on the date the Agency conducts orderly shutdown activities, you will be required to conduct orderly shutdown activities as soon as you become available. We recommend talking to your supervisor prior to a possible shutdown event to determine how to proceed.

4. I have questions about what happens to my benefits and my Thrift Savings Plan (TSP) account during a Shutdown Furlough, including if I have to pay out of pocket to keep my benefits. Where can I find answers?

All of the benefits programs have different rules and regulations governing how long you may continue to be covered during a Shutdown Furlough, if out-of-pocket payments are needed, etc. The Office of Personnel Management (OPM) provides guidance. Please visit the OPM Pay & Leave Furlough Guidance Page, click the Shutdown Furlough tab, and click the Guidance for Shutdown Furloughs link for information on the following:

- Federal Employees Health Benefits (FEHB) Program
- Federal Employees’ Group Life Insurance (FEGLI) Program
- Federal Flexible Spending Account (FSAFEDS) Program
- Federal Long Term Care Insurance Program (FLTCIP)
- Federal Employees Dental and Vision Insurance Program (FEDVIP)
- Thrift Savings Plan (TSP)

5. I have questions about what happens to my NASA Employees Benefit Association (NEBA) benefits during a Shutdown Furlough, including if I have to pay out of pocket to keep my benefits.

There are several categories of NEBA benefits which are generally addressed as follows:

- Basic Life and Voluntary Benefit Deductions – NEBA will cover these costs for up to 3 pay periods in a 12-month period. This includes MetLaw, Critical Illness, Group Accident, and Additional Accidental Death and Dismemberment.

- Optional Life (also called Group Variable Universal Life (GVUL)) Premium Deductions – After normal payroll processing resumes, catch-up premium deductions will be taken out of your paychecks. Investment deductions are not taken retroactively through payroll.

- Auto or Home Insurance through NEBA – You must contact the carriers to make payments directly to the carrier or establish a plan for catch-up to ensure there is no lapse in your coverage.

Additional guidance will be issued upon returning from a Shutdown Furlough. If you have questions during the Shutdown Furlough, you can reach MetLife at 1-866-574-2861.
6. Am I responsible for paying out of pocket for usual payroll deductions that aren’t associated with my benefits (e.g., child support, home/auto insurance, etc.)?

It depends on various elements such as the length of the shutdown, guidance received from NASA’s payroll provider, etc. Certain payroll deductions may need to be paid directly by the employee or adjusted manually for any pay periods missed. This may include but is not limited to child support, alimony, home and/or auto insurance, additional tax withholdings, bankruptcy payments, and TSP loans. **Check with the non-NASA entity in charge of these matters.** Additionally, after the Shutdown Furlough has ended, NASA will provide guidance on how out-of-pocket expenses will be handled/paid.

7. What happens if an employee or a spouse needs Survivor Benefits Counseling due to an employee death during a Shutdown Furlough?

Please contact the NSSC Customer Contact Center at 1-877-677-2123 (1-877-NSSC123). A counselor will be on-call to handle any Survivor Benefits Counseling.

8. Will I still be able to access a mental health counselor during a Shutdown Furlough?

Yes. NASA provides a toll-free number (1-888-728-1404) which is answered by licensed and certified mental health clinicians. If you only wish to schedule a non-urgent appointment to see your local Center’s Employee Assistance Program (EAP) clinician, **please do so after the Shutdown Furlough is over.** Your Center’s local EAP provider may also furnish a number to call during the Shutdown Furlough. Some Centers may have enough funding to continue routine EAP support with clinicians onsite. Contact your Center EAP clinician before the Shutdown Furlough to determine whether a clinician will be available and whether you will be allowed onsite to attend an appointment. If you have an existing future appointment with your Center’s EAP clinician, confirm whether it will need to be rescheduled.

9. Are credit unions and banks able to provide financial assistance during a Shutdown Furlough?

In many cases, NASA-affiliated credit unions are able to provide financial assistance or payment flexibility to those affected by a Shutdown Furlough. As information is received regarding specific credit unions, it will be posted to the NASA Operating Status and Furlough Information Page. However, you do not need to wait for information to be posted. We strongly encourage you to reach out to your credit union or bank, even those not affiliated with NASA, to determine if each institution is offering assistance or payment flexibility.

10. Should I notify my professors or the institution of higher learning where I am taking courses that the Shutdown Furlough has/will affect my ability to attend or participate in my approved courses?

Yes. It is recommended that you notify your professors and institution of higher learning so they are aware that the Shutdown Furlough has or will affect your ability to attend/participate in courses. It is recommended that you contact them by phone, then
follow up with written communication (e.g., e-mail or letter as appropriate). The following is a sample letter that you may use as a guide when working with your professors or institution of higher learning:

Dear [Name of Institution of Higher Learning and/or Individual with Whom You have Spoken]:

This is to confirm our conversation of [date] in which we discussed my inability to attend/participate in my previously approved course of study due to a lapse in Government funding to the Agency.

As we discussed, I am a Federal employee who has recently been furloughed. During a Shutdown Furlough, there are laws that govern which activities may continue and which may not. Training, inclusive of academic education, is not an excepted activity. Thank you in advance for your patience, flexibility, and understanding of my situation.

Sincerely,

[Name]
[Contact Information]
[Course, Instructor, Program Information]

11. Can I pay out of pocket for an academic education course and get reimbursed when the Federal Government reopens?

If your SF 182, External Training Request, has already been approved at the Center level and is at the NSSC when the shutdown occurs, you can decide to pay for the academic education course with personal funds. Once the Federal Government reopens, you will work with your Center Training Office to seek reimbursement from the Federal Government. You will need to submit your receipt with the completed Optional Form (OF) 1164, Claim for Reimbursement for Expenditures on Official Business. Remember the sooner you submit the completed paperwork, the sooner you will be reimbursed. **You should never use your NASA travel card to pay for your tuition.**

12. Can I pay out of pocket for an academic course even if I did not submit an SF 182? It was in my supervisor's inbox and it had not been approved by the training office before the shutdown.

You can decide to pay for the academic education course with personal funds, but you assume the personal risk that your SF 182 will not be approved and you will not be allowed to seek reimbursement when the Government reopens. Remember, no employee has the authority to commit Government funds without approval. Doing so could result in disciplinary action.
13. I am scheduled to attend a conference during the Shutdown Furlough. Can I attend at my own cost?

If the Shutdown Furlough does not end prior to your scheduled conference, and if you choose to attend a conference during the shutdown on personal time and using personal resources for travel and paying your own registration, that is your prerogative. However, your participation needs to be clearly in your private capacity. That means that you should not be presenting results of official NASA work if you are a furloughed civil servant participating as a private citizen, or participating on panels as a NASA employee. If you are registered as a NASA civil servant you must re-register as a private individual. No travel will be paid by NASA as we are not able to except the conference activities for civil servants because they do not meet the threshold as necessary to protect against an imminent threat to life or property.

14. How will I know when I am supposed to return to work after a Shutdown Furlough?

In addition to other methods determined by each Center, the Emergency Notification System (ENS) will be used to notify employees of return-to-work information after a Shutdown Furlough.

15. I was scheduled to use my use-or-lose annual leave during the shutdown, and my leave was cancelled. Will my use-or-lose annual leave be restored?

It depends. Historical OPM guidance has stated that if employees have enough time to reschedule and take any use-or-lose annual leave that was forfeited due to the shutdown before the end of the leave year, use-or-lose leave is not eligible for restoration. However, if use-or-lose annual leave is forfeited and employees do not have time remaining in the leave year to reschedule/take the use-or-lose leave, it may be eligible for restoration. Both OPM and Agency leadership will review the impact of the shutdown on use-or-lose annual leave after the conclusion of the shutdown to determine whether leave can be restored.

16. I am an excepted employee; can I take leave during a Shutdown Furlough?

Yes; however, we generally encourage excepted employees who need to be absent from work during an excepted timeframe not take paid leave and allow the default “furlough status” to be applied to any approved absence, since all employees will receive retroactive pay for furlough periods without charge to leave. Section 1341(c)(3) established a new requirement, providing that excepted employees who are required to perform work during a lapse in appropriations “shall be entitled to use leave” under 5 U.S.C. chapter 63, if applicable (or under other applicable law if chapter 63 is not applicable), but that compensation for the leave will be paid after the lapse ends. The use of such paid leave is subject to the normally applicable rules for the applicable leave program, including leave request and approval procedures. While excepted employees have the option to use their paid leave (i.e., establish entitlement to paid leave to be paid after the lapse ends), they are not required to use leave to cover periods of authorized absence from work. Instead, we encourage employees to remain in the default status of being furloughed during any such
authorized absence during the lapse, as employees will receive compensation. This “default status” does not prohibit an excepted employee from requesting time away from an excepted activity.

17. **What document shows or is proof of my furlough status?**

Your official furlough notice is your proof of your furlough status. Therefore, you should save and/or print your official furlough notice. Additionally, creditors or other entities may require your most recent Standard Form (SF) 50, Notification of Personnel Action, your Earnings and Leave Statement, etc. You should coordinate with the outside entity to determine what documentation it requires. Refer to Appendix B, Basic Checklist Before a Shutdown Furlough, for additional information on helpful documents.
Appendix D – Unemployment Compensation for Federal Employees

As a Federal employee, you may be eligible for Unemployment Compensation for Federal Employees (UCFE) during a Federal Government Shutdown Furlough. This appendix contains information regarding possible unemployment benefits for Federal employees during a Shutdown Furlough. Additional information may be found on the NASA Operating Status and Furlough Information Page under the Unemployment Compensation Information heading.

D.1 Overview

The UCFE program is administered by state Unemployment Insurance agencies acting as agents of the Federal Government. The program is operated under the same terms and conditions that apply to regular state Unemployment Insurance. In general, the law of the state in which your last official duty station in Federal civilian service is located will be the state law under which your eligibility for benefits is determined, even if your residence is in a different state. Please note that you will need to check with your applicable state Unemployment Insurance office to determine its rules and requirements, including when you may first file for benefits. If you receive Unemployment Compensation for the Shutdown Furlough, you will be required to repay the Unemployment Compensation funds.

D.2 SF 8, Notice to Federal Employee About Unemployment Insurance

If you choose to apply for Unemployment Compensation while on furlough, you will need to have copies or information from the latest SF 8, Notice to Federal Employee About Unemployment Insurance. We strongly recommend that you obtain the latest version on the NSSC Unemployment Compensation page just prior to a Shutdown Furlough event. The Department of Labor (DOL) advises that in addition to the SF 8, you should provide the state unemployment office with a copy of your most recent Earnings and Leave statement.

It is important for you to have the SF 8 in case you need to apply for UCFE benefits. When you receive/download it, immediately save it to a non-Government personal computer/device or print it. Since the SF 8 is a Federal Government form, if you lose it, you may not be able to retrieve another one online during a Shutdown Furlough.

Note that for your convenience, we have provided an SF 8 that is prefilled for NASA employees that is current as of the date of publication of this guide. Note: if you do not see the prefilled information, please try using another device or opening using another internet browser. Please refer to Attachment 1, SF 8, Notice to Federal Employee About Unemployment Insurance, Prefilled for NASA Employees. It is important to note that if there are last minute changes to the SF 8 for NASA employees, the most updated information will be located on the NASA Operating Status and Furlough Information Page.
D.3 General Information

When preparing for a Shutdown Furlough, it is important to understand the rules and requirements regarding UCFE. We recommend you review the links provided here before a furlough and save all relevant information to a non-Government personal computer/device. The following are several resources with related information:

1. **OPM Pay & Leave Furlough Guidance** Web page
   a. Click the **Shutdown Furlough** tab to locate the **Guidance for Shutdown Furloughs** link.
   b. Click the **Unemployment Insurance Resources** tab to locate several links for Federal employees.

2. **DOL Unemployment Compensation for Federal Employees** Web page

3. **DOL CareerOneStop** Web page with links to each state

4. **DOL State Unemployment Insurance Benefits** Web page

As a reminder, many Government Web sites are inaccessible during a Shutdown Furlough. Before a Shutdown Furlough, we recommend you print or save to a non-Government personal computer/device all relevant documents found on the Web sites and links provided in this guide.

**Note:** To obtain specific information for your state, please contact the state Unemployment Insurance agency directly. You may also review the **DOL CareerOneStop** Web page with links to each state.
Attachment 1 – SF 8, Notice to Federal Employee About Unemployment Insurance, Prefilled for NASA Employees

**Important:** Use the information on the SF 8 in this attachment for employment verification. This is the *official* information you are to use if you apply for UCFE benefits. You should **not** use your Center’s address and phone number to apply for UCFE benefits or to verify your employment.

Please do not share the NASA SF 8 with employees from other agencies since their form will require different information to be processed correctly.

UNEMPLOYMENT COMPENSATION FOR FEDERAL EMPLOYEES (UCFE) PROGRAM

UNEMPLOYMENT INSURANCE (UI) FOR FEDERAL WORKERS

TAKE THIS FORM WITH YOU IF YOU GO TO FILE A CLAIM

GENERAL INFORMATION:

1. WHO WILL PAY UNEMPLOYMENT BENEFITS?

If you are eligible, you will be paid by a State unemployment security agency under the provisions of its unemployment insurance (UI) law. The amount of your regular weekly benefits and the period for which benefits will be paid will generally be determined by the law of the State in which you had your last Official Duty Station. This Duty Station will be printed on your final "Notification of Personnel Action"; SF-50. If you have received all the regular benefits for which you are eligible, you may, under certain circumstances, become eligible for additional weeks of extended benefits; check with a State local office official. If your last duty station was outside the United States, you will not be eligible until you return to the United States, including the District of Columbia, Puerto Rico, and Virgin Islands. Your benefit rights will then be determined under the law of your State of residence.

UCFE/UI for unemployed Federal workers is paid from U.S. Government funds. No deductions were taken from your pay to finance these benefits.

2. UNDER WHAT CONDITIONS WILL I BE ELIGIBLE?

All State UI laws require that:

a. You must be unemployed, able to work, and available for suitable work; (In some cases, you may be eligible if you are employed less than full time);
b. You must register for work and file a claim at a local public employment service/UI claim office;
c. You must continue to report to the office as directed, and
d. You must have had a certain amount of employment wages within a base period of 1 year specified in the State law and have been separated through no fault of your own.

All State UI laws will deny you benefits for such reasons as:

a. Quitting your job voluntarily without good cause or being discharged for misconduct connected with work; or
b. Refusing an offer of a suitable job without good cause.

Some State UI laws deny or reduce UI benefits for certain types of payments you may receive (retirement, severance, and/or lump-sum amount for unused, accrued annual leave).

3. DO I HAVE THE RIGHT OF APPEAL?

Yes. If a determination is made denying you benefits, you have the right to appeal as provided in the applicable State law.

4. ARE THERE ANY PENALTIES?

Yes. If you willfully make a false (fraudulent) claim, you may be fined, imprisoned, or both. If you make a mistake in giving information when you file your claim, notify the local UI claim office as soon as you discover the mistake; prompt notification may avoid a penalty.

(The above statements are issued for general information; they do not have the effect of law, regulation, or ruling).

IF YOU BECOME REEMPLOYED and have been collecting UCFE/UI benefit payments, it is your RESPONSIBILITY to notify the local office, in writing, to discontinue paying benefits now that you are employed. Failure to do so may result in a penalty such as a fine, imprisonment, or both.

STANDARD FORM 8 (REV. 6-87 BACK)
Attachment 2 – 5 CFR § 6901, Supplemental Standards of Ethical Conduct for Employees of the National Aeronautics and Space Administration

Note: The content in this attachment is current as of August 20, 2014. Please refer to the official source for CFRs for the most updated information.
PART 6901—SUPPLEMENTAL STANDARDS OF ETHICAL CONDUCT FOR EMPLOYEES OF THE NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

SOURCE: 59 FR 49336, Sept. 28, 1994, unless otherwise noted.

§6901.101 General.

In accordance with 5 CFR 2635.105, the regulations in this part apply to employees of the National Aeronautics and Space Administration (NASA) and supplement the Standards of Ethical Conduct for Employees of the Executive Branch contained in 5 CFR part 2635. In addition to the standards in 5 CFR part 2635 and this part, employees are subject to the executive branch financial disclosure regulations contained in 5 CFR part 2634, and to additional regulations regarding their conduct contained in 5 CFR part 735 and 14 CFR part 1207.

§6901.102 [Reserved]

§6901.103 Outside employment.

(a) General. A NASA employee shall not engage in outside employment prohibited by paragraph (c) of this section and shall obtain approval before engaging in the outside employment activities specified in paragraph (d) of this section.

(b) Definitions. Unless a term is otherwise defined in this part, the definitions set forth in 5 CFR part 2635 apply to terms used in this section. In addition, for purposes of this section:

(1) Outside employment means any form of compensated or uncompensated non-Federal employment or business relationship involving the provision of personal services by the employee. It includes, but is not limited to, personal services as an officer, director, employee, agent, attorney, consultant, contractor, general partner, trustee, teacher, or speaker. It includes writing when done under an arrangement with another person for production or publication of the written product. It does not, however, include participation in the activities of a nonprofit charitable, religious, professional, social, fraternal, educational, recreational, public service, or civic organization, unless the organization is a prohibited source or unless such activities involve the provision of professional services or advice, or are for compensation other than reimbursement of expenses.

(2) Profession has the meaning set forth in 5 CFR 2636.305(b)(1).

(3) Student intern means a student employed through a student internship program implemented by the Office of Personnel Management (OPM).

(c) Prohibited outside employment. A NASA employee, other than a special Government employee or a student intern, shall not engage in outside employment with the following:

(1) A NASA contractor, subcontractor, or grantee in connection with work performed by that entity for NASA; or
(2) A party to a Space Act agreement, Commercial Launch Act agreement, or other agreement to which NASA is a party pursuant to specific statutory authority, if the employment is in connection with work performed under that agreement.

(d) Prior approval for outside employment. A NASA employee, other than a special Government employee, shall request and obtain approval before engaging in the following outside employment activities:

(1) Teaching, speaking, writing, or editing, unless the subject matter pertains to the private interests of the employee, such as a hobby, cultural activity, or a professional pursuit unrelated to the employee’s official duties;

(2) The practice of a profession or the rendering of professional consulting services;

(3) The management or conduct of a business in which the employee or the employee’s spouse has an ownership interest, if that business performs, or may seek to perform, work (other than routine consumer transactions) for the Federal Government or for a NASA contractor, grantee, or other party to an agreement with NASA;

(4) Holding State or local public office, whether by election or appointment;

(5) Employment with a NASA contractor, subcontractor, or grantee;

(6) Employment with a party to a Space Act agreement, Commercial Launch Act agreement, or other agreement to which NASA is a party pursuant to specific statutory authority;

(7) Serving as an officer, trustee, or member of a board, directorate, or other such body of a for profit organization or of a nonprofit organization that is a prohibited source; or

(8) Employment which involves the practice of a NASA-owned invention or the performance of experimental, developmental, research, design, or engineering work that relates to the official duties of such employee.

(e) Prior approval requested by employee. Even when not required by paragraph (d) of this section, a NASA employee may request prior approval using the procedures set forth in this section.

(f) Form of request for approval. A request for approval of outside employment shall be in writing and shall include the following:

(1) The employee’s name and occupational title;

(2) The nature of the employment, including a full description of the specific duties or services to be performed and a statement explaining any relationship between the outside activity and the official duties of the employee;

(3) The name and address of the person or organization for which work will be done;

(4) The estimated total time that will be devoted to the activity. If the employment is on a continuing basis, indicate the estimated number of hours per year; for other employment, indicate the anticipated beginning and ending date;
(5) A statement as to whether the work can be performed entirely outside of the employee's regular duty hours and, if not, the estimated number of hours of absence from work that will be required;

(6) Whether the employee will receive compensation for the outside activity, and, if the employee is a covered noncareer employee as defined by 5 CFR 2636.303, the amount of compensation to be received; and

(7) A statement that the employee currently has no official duties involving a matter that affects the outside employer and will disqualify from future participation in matters that could directly affect the outside employer.

(g) Approval of requests—(1) When required to obtain approval prior to commencing outside employment pursuant to paragraph (d) of this section, a NASA employee shall receive approval from the employee's immediate supervisor. Additional authority to approve requests is as follows:

(i) Center Directors and Deputy Center Directors shall receive approval by the Associate Administrator;

(ii) Center employees shall receive approval from the Center Director or a person designated to act for the Center Director; and

(iii) Headquarters employees shall receive approval from the employee's Official-in-Charge.

(2) Prior to approval, the Office of the General Counsel shall review requests by Headquarters employees, Center Directors, Deputy Center Directors, and Center Chief Counsel. All other requests shall be reviewed by the Center Chief Counsel's office, and for Office of Inspector General employees, by the Counsel to the Inspector General.

(3) Standard for approval. Approval will be granted unless a determination is made that the prospective outside employment is expected to involve conduct prohibited by statute or Federal regulation, including 5 CFR part 2635 and this part.

(4) Scope of approval. Approval will be for a period not to exceed five years. Upon a significant change in the nature or scope of the outside employment or in the employee's NASA position, the employee shall submit a revised request for approval.

(5) Notification of approval or disapproval. Employees will be notified in writing of the action taken on their requests.

(6) Records of requests. All requests for approval will be maintained in the local human resources/personnel office where the requesting employee works, or alternatively by the local NASA legal office upon the determination of the Center Chief Counsel and by the Office of the General Counsel upon the determination of the General Counsel.
